ANNIQUE rooibos

HERBAL•ROOIBOS•SCIENCE
TRUSTED SINCE 1971

The Annique story started in 1968, when Dr Annique Theron serendipitously discovered the anti-allergic benefits of Rooibos, when she mixed it with her infant's formula in an act of desperation to help the child. She founded Annique Health and Beauty in 1971.

Today Annique Health and Beauty is a South African owned Direct Selling business that strives to make a tangible difference in the lives of others.

For 50 years we have empowered and transformed people's lives with our locally made Rooibos-based health and beauty products and business opportunity. Today, we too are transforming.

Introducing our new logo and visual identity, signifying who we are at the core: Rooibos health and beauty experts. Our new logo symbolizes expertise, quality and empowerment, with sleek, modern lines and the word Rooibos, in its rightful place, taking centre stage, now visually connects the Annique brand and its fundamental trait, Rooibos, into one concept.

Join us as we celebrate our achievements in the past 50 years and embark on a new journey of Rooibos possibilities, together. For the next 50 years and beyond!

Annique	Annique	ANNIQUE rooibos
1990	2003	2021

NEW!

Innovative NEW Active Ingredients:

__Green Rooibos__ has free-radical-quenching abilities that help to protect skin and preserve a more youthful look. __Pre- and probiotics__ help calm and comfort skin to instantly relieve the dry, tight, bothered sensations that come with irritation. __AquaVital+__ is an advanced moisturising ingredient that captures and retains water and absorbs it into the skin in both an immediate and long-lasting way to enhance your skin's appearance and texture.

AT NIGHT

ACNE SKIN

This month we celebrate a fresh new look and honour our wonderful mothers! Spoil her on 9 May with products form our beautiful new look Miracle Tissue Oil range or Lucid daily skin care range for dry skin. As winter threatens to tackle our immune systems, we are grateful of the abundance of health benefits Rooibos has to offer:

· Rooibos is a good source of antioxidants and is the only known source of a potent antioxidant aspalathin, which could play a role in combating several lifestyle diseases.

· Unlike black and green teas, Rooibos is naturally caffeine free (not decaffeinated) and therefore suitable for children, infants and breast-feeding mothers.

· Rooibos has proven cancer-fighting properties in animal research studies, and exciting new research points towards the role that Rooibos can play in promoting heart health and preventing diabetes.
